# Embroidery

Embroidery is the sequins of the rich and classy. Because this kind of hand-done needlepoint don't come cheap. It is the lux-est breed of adornment, the hautesst form of embellishment, the last word in ready-to-wear. It comes, this season, with many hats on: flowergirl finery from Vivienne Westwood, rosy schoolmarm from Moschino or crusading lady-knight from Osman. This is fairytale dressing: fairytales lifted from hand-painted storybooks and old masters. Not Disney. Nah. Leave that to the high street. **AR**
