Double rings

It's double trouble. It's two for the price of... probably two, if we're honest. But the impact is make-'em-look-twice excellent. A starry, starry paw with a hint of knuckle-duster and a dash of flower fairy and an echo of Mata Hari and a whiff of bondage. Most def. It's a resounding 'kiss my ring' statement. And we're really into that vibe right now. *AR*
